No member with a personal interest in the outcome, or who is a party to such actual or threatened action or proceeding concerning which indemnification is sought, shall participate in this determination. If a quorum of disinterested Members is not obtainable, the Board shall act only after receiving the opinion in writing of independent legal counsel that indemnification is proper in the circumstances under than applicable law and these By-Laws.

Not-For-Profit Corporation Law Chapter 35. Of the Consolidated Laws Article 16. Land Banks

(State Legislation that Forms the Statutory Basis of the Corporation)

§ 1600. Short title

This article shall be known and may be cited as the "land bank act".

§ 1601. Legislative intent

The legislature finds and declares that New York's communities are important to the social and economic vitality of the state. Whether urban, suburban, or rural, many communities are struggling to cope with vacant, abandoned, and tax-delinquent properties.

There exists a crisis in many cities and their metro areas caused by disinvestment in real property and resulting in a significant amount of vacant and abandoned property. For example, Cornell Cooperative Extension Association of Erie county estimates that the city of Buffalo has thirteen thousand vacant parcels, four thousand vacant structures and an estimated twenty-two thousand two hundred ninety vacant residential units. This condition of vacant and abandoned property represents lost revenue to local governments and large costs ranging from demolition, effects of safety hazards and spreading deterioration of neighborhoods including resulting mortgage foreclosures.

The need exists to strengthen and revitalize the economy of the state and its local units of government by solving the problems of vacant and abandoned property in a coordinated manner and to foster the development of such property and promote economic growth. Such problems may include multiple taxing jurisdictions lacking common policies, ineffective property inspection, code enforcement and property rehabilitation support, lengthy and/or inadequate foreclosure proceedings and lack of coordination and resources to support economic revitalization.

There is an overriding public need to confront the problems caused by vacant, abandoned and tax-delinquent properties through the creation of new tools to be available to communities throughout New York enabling them to turn vacant spaces into vibrant places.

Land banks are one of the tools that can be utilized by communities to facilitate the return of vacant, abandoned, and tax-delinquent properties to productive use. The primary focus of land bank operations is the acquisition of real property that is tax delinquent, tax foreclosed, vacant, abandoned, and the use of tools authorized in this article to eliminate the harms and liabilities caused by such properties.

In the discretion of the land bank, the bonds may be additionally secured by mortgage or other security device covering all or part of the project from which the revenues so pledged may be derived. Any refunding bonds issued shall be payable from any source described above or from the investment of any of the proceeds of the refunding bonds and shall not constitute an indebtedness or pledge of the general credit of any foreclosing governmental unit or municipality within the meaning of any constitutional or statutory limitation of indebtedness and shall contain a recital to that effect. After the conclusion of the public hearing and comments, the land bank shall consider the results of the public hearing and comments with respect to the proposed actions. - (c) In addition to any other report required by this chapter, the land bank, through its chairperson, shall annually deliver, in oral and written form, a report to the municipality. Such report shall be presented by March fifteenth of each year to the governing body or board of the municipality. Sixty calendar days advance written notice of consideration of a resolution of dissolution shall be given to the foreclosing governmental unit or units that created the land bank, shall be published in a local newspaper of general circulation, and shall be sent certified mail to the trustee of any outstanding bonds of the land bank. Upon dissolution of the land bank all real property, personal property and other assets of the land bank shall become the assets of the foreclosing governmental unit or units that created the land bank. In the event that two or more foreclosing governmental units create a land bank in accordance with section sixteen hundred three of this article, the withdrawal of one or more foreclosing governmental units shall not result in the dissolution of the land bank unless the intergovernmental agreement so provides, and there is no foreclosing governmental unit that desires to continue the existence of the land bank.

§ 1614. Conflicts of interest

No member of the board or employee of a land bank shall acquire any interest, direct or indirect, in real property of the land bank, in any real property to be acquired by the land bank, or in any real property to be acquired from the land bank. No member of the board or employee of a land bank shall have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used by a land bank. The board may adopt supplemental rules and regulations addressing potential conflicts of interest and ethical guidelines for members of the board and land bank employees.

§ 1615. Construction, intent and scope

The provisions of this article shall be construed liberally to effectuate the legislative intent and the purposes as complete and independent authorization for the performance of each and every act and thing authorized by this article, and all powers granted shall be broadly interpreted to effectuate the intent and purposes and not as a limitation of powers. Except as otherwise expressly set forth in this article, in the exercise of its powers and duties under this article and its powers relating to property held by the land bank, the land bank shall have complete control as fully and completely as if it represented a private property owner and shall not be subject to restrictions imposed by the charter, ordinances, or resolutions of a local unit of government.

§ 1616. Delinquent property tax enforcement

The municipality may enter into a contract to sell some or all of the delinquent tax liens held by it to a land bank, subject to the following conditions:

- (a) The consideration to be paid may be more or less than the face amount of the tax liens sold.
- (b) Property owners shall be given at least thirty days advance notice of such sale in the same form and manner as is provided by subdivision two of section eleven hundred ninety of the real property tax law. Failure to provide such notice or the failure of the addressee to receive the same shall not in any way affect the validity of any sale of a tax lien or tax liens or the validity of the taxes or interest prescribed by law with respect thereto.
 - (c) The municipality shall set the terms and conditions of the contract of sale.
- (d) The land bank must thirty days prior to the commencement of any foreclosure action provide to the municipality a list of liens to be foreclosed. The municipality may, at its sole option and discretion, repurchase a lien or liens on the foreclosure list from the land bank. The repurchase price shall be the amount of the lien or liens plus any accrued interest and collection fees incurred by the land bank. The land bank shall provide the foreclosure list to the municipality, along with the applicable repurchase price of each lien, by certified mail, and the municipality shall have thirty days from receipt to notify the land bank of its option to purchase one or more of the liens. If the municipality opts to purchase the lien, it shall provide payment within thirty days of receipt of the repurchase price of said lien or liens. If the municipality shall fail to opt to repurchase the lien or liens the land bank shall have the right to commence a foreclosure action immediately.
- (e) The sale of a tax lien pursuant to this article shall not operate to shorten the otherwise applicable redemption period or change the otherwise applicable interest rate.
- (f) Upon the expiration of the redemption period prescribed by law, the purchaser of a delinquent tax lien, or its successors or assigns, may foreclose the lien as in an action to foreclose a mortgage as provided in section eleven hundred ninety-four of the real property tax law. The procedure in such action shall be the procedure prescribed by article thirteen of the real property actions and proceedings law for the foreclosure of mortgages. At any time following the commencement of an action to foreclose a lien, the amount required to redeem the lien, or the amount received upon sale of a property, shall include reasonable and necessary collection costs, attorneys' fees, legal costs, allowances, and disbursements.
- (g) The provisions of title five of article eleven of the real property tax law shall apply so far as is practicable to a contract for the sale of tax liens pursuant to this article.
- (h) If the court orders a public sale pursuant to section eleven hundred thirty-six of the real property tax law, and the purchaser of the property is the land bank, then the form, substance, and timing of the land bank's payment of the sales price may be according to such agreement as is mutually acceptable to the plaintiff and the land bank. The obligation of the land bank to perform in accordance with such agreement shall be deemed to be in full satisfaction of the tax claim which was the basis for the judgment.
- (i) Notwithstanding any other provision of law to the contrary, in the event that no municipality elects to tender a bid at a judicially ordered sale pursuant to the provisions of section eleven hundred thirty-six of the real property tax law, the land bank may tender a bid at such sale in an amount equal to the total amount of all municipal claims and liens which were the basis for the judgment. In the event of such tender by the land bank the property shall be deemed sold to the land bank regardless of any bids by any other third parties. The bid of the land bank shall be paid as to its form, substance, and timing according to such agreement as is mutually acceptable to the plaintiff and the land bank. The obligation of the land bank to perform in accordance with such agreement shall be deemed to be in full satisfaction of the municipal claim which was the basis for the judgment. The land bank, as purchaser at such sale shall take and forever thereafter have, an

absolute title to the property sold, free and discharged of all tax and municipal claims, liens, mortgages, charges and estates of whatsoever kind. The deed to the land bank shall be executed, acknowledged and delivered within thirty days of the sale.

§ 1617. Contracts

- (a) The land bank may, in its discretion, assign contracts for supervision and coordination to the successful bidder for any subdivision of work for which the land bank receives bids. Any construction, demolition, renovation and reconstruction contract awarded by the land bank shall contain such other terms and conditions as the land bank may deem desirable. The land bank shall not award any construction, demolition, renovation and reconstruction contract greater than ten thousand dollars except to the lowest bidder who, in its opinion, is qualified to perform the work required and who is responsible and reliable. The land bank may, however, reject any or all bids or waive any informality in a bid if it believes that the public interest will be promoted thereby. The land bank may reject any bid, if, in its judgment, the business and technical organization, plant, resources, financial standing, or experience of the bidder justifies such rejection in view of the work to be performed.
- (b) For the purposes of article fifteen-A of the executive law only, the land bank shall be deemed a state agency as that term is used in such article, and all contracts for procurement, design, construction, services and materials shall be deemed state contracts within the meaning of that term as set forth in such article.

INDEPENDENT AUDITOR'S REPORT

September 20, 2017

To the Board of Directors of Albany County Land Bank Corporation:

Report on the Financial Statements

We have audited the accompanying financial statements of Albany County Land Bank Corporation (Corporation) (a component unit of the County of Albany, New York), as of and for the years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Albany County Land Bank Corporation, as of June 30, 2017 and 2016, and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis listed in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 20, 2017 on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control over financial reporting and compliance.

ALBANY COUNTY LAND BANK CORPORATION (A Component Unit of the County of Albany, New York)

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) FOR THE YEAR ENDED JUNE 30, 2017 AND 2016

The following is a discussion and analysis of the Corporation's financial performance for the fiscal year ended June 30, 2017. The section is a summary of the Corporation's financial activities based on currently known facts, decisions, or conditions. Because this is the first year of operations for the Corporation, only the results on the current year are discussed below. This section is only an introduction and should be read in conjunction with the Corporation's financial statements, which immediately follow this section.

Financial Highlights

- The Corporation's net position increased approximately \$8 million this year. Much of this increase is attributable to an increase in the Land Bank's property portfolio through additional property acquisitions and drawdowns of available grant funds.
- The Corporation disposed of 73 properties in fiscal year 2017, a substantial increase from 20 properties in fiscal year 2016.
- Revenue from property sales in fiscal year 2017 was approximately \$1.3 million, an increase of 347% from the approximately \$300,000 in property sales in fiscal year 2016.
- Revenue from property sales comprised substantially all operating revenue in fiscal year 2017.
- The Corporation added 2 full time staff positions in fiscal year 2017 increasing salary and benefit expenses in addition to having three Americorp service members which were funded from a grant from the Local Initiatives Support Corporation.
- The increase of property sales, addition of new properties and commensurate increase in number of property improvements and ongoing maintenance resulted in a corresponding increase in operating expenses, including professional fees, insurance and other related expenses.
- Property held for sale was valued at approximately \$10 million in 2017. It should be noted
 that this is recorded as the assessed value of the property at the time of donation from the
 County.
- The Corporation had approximately \$1.8 million in cash at the end of fiscal year 2017, an increase from approximately \$800,000 at the beginning of the year. The majority of this cash increase is from grant funds received by the Corporation and cash from property sales exceeding cash outlays for salaries and other operating costs.
- The Corporation had a net cash flow from operations of \$259,268 in fiscal year 2017 in fiscal year 2016, a favorable increase from (\$262,383) in fiscal year 2016. This has been primarily due to an increase in property sales as the Corporation finishes its third year of existence and is able to return more properties to productive use.
- The Corporation is in a stronger financial position as it finishes its third year of operations, however the Corporation still relies heavily on grant funds to operate.

Overview of Financial Statements

The basic financial statements include the statement of net position, statement of revenues, expenses and change in net position, statement of cash flows, and notes to the financial statements.

The first of these statements is the Statement of Net Position. This is the statement of financial position presenting information that includes all of the Corporation's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Corporation as a whole is improving or deteriorating. Evaluation of the overall economic health of the Corporation must include other non-financial factors such as the economic picture of the City, County and the State, in addition to the financial information provided in this report.

Overview of the Financial Statements (Continued)

The second statement is the Statement of Revenues, Expenses and Changes in Net Position, which reports how the Corporation's net position changed during the current and previous fiscal year. Revenues and expenses are included when earned or incurred, regardless of when cash is received or paid.

The third statement is the Statement of Cash Flows, which shows the sources and uses of cash.

The accompanying Notes to the Financial Statements provide information essential to a full understanding of the financial statements.

To further increase the property inventory value, the Corporation made \$1.1 million in capital improvements to its property that was held for sale. The Corporation sold 73 properties during the year which removed \$3.7 million in property cost from its inventory.

ALBANY COUNTY LAND BANK CORPORATION (A Component Unit of the County of Albany, New York)

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017 AND 2016

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Albany County Land Bank Corporation (Corporation) was formed July 1, 2014, and is governed by its Articles of Incorporation, bylaws and the laws of the State of New York. The Corporation was established to facilitate the process of acquiring, improving and redistributing vacant and abandoned properties in the County of Albany (County). The Corporation's board of directors is comprised of individuals appointed by the County. The Corporation is considered a component unit of the County.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The Corporation's financial statements have been prepared on the accrual basis of accounting using the economic resources measurement focus, in accordance with U.S. generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB). Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Cash

Custodial credit risk related to cash deposits is the risk that in the event of a failure of a depository financial institution, the reporting entity may not recover its deposits. In accordance with the Corporation's investment policy, all deposits of the Corporation including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act (FDIA) shall be secured by a pledge of securities with an aggregate value equal to the aggregate amount of deposits.

The Corporation had bank balances of \$1,960,765 and \$853,355, at June 30, 2017 and 2016, respectively, of which \$500,000 and \$466,460 are insured by the Federal Deposit Insurance Corporation (FDIC). At June 30, 2017 and 2016, the remaining bank balance was collateralized with securities held in the Corporation's name.

Prepaid Expenses

Prepaid expenses represent payments made by the Corporation for which benefits extend beyond year-end. These payments to vendors reflect costs applicable to future accounting periods and are reported in the statement of net position as an asset using the consumption method. A current asset for the prepaid amounts is recorded at the time of purchase and an expense is reported in the year the goods or services are consumed.

Property Held for Sale

The Corporation primarily acquires its property held for sale from the County for the purpose of improving those properties and returning them to productive use on the tax rolls. These properties are recorded at assessed value at the time of donation which approximates fair value. Depending on the condition of the property at the time of donation, certain capital costs may be required to improve that property and are included in the value of the property.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets, Net

Capital assets are reported at actual cost. Donated assets are reported at estimated fair value at the time received. Capitalization thresholds, (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the Statement of Net Position are as follows:

	Capitalization	Depreciation	Estimated
	<u>Threshold</u>	Method	<u>Useful Life</u>
Furniture and equipment	\$1,000	SL	5 years

Net Position Classifications

In the financial statements, there are three possible classifications of net position:

Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of debt, if any, that are attributable to the acquisition, construction, or improvement of those assets.

The restricted component of net position consists of restricted assets reduced by liabilities related to those assets. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or the liability will be liquidated with the restricted assets reported. The Corporation does not have restricted net position at June 30, 2017.

The unrestricted component of net position is the net amounts of the assets and liabilities that are not included in the determination of net investment of capital assets or the restricted component of net position.

The Corporation's policy is to first utilize available restricted, when available, and then unrestricted resources in the conduct of its operations.

Classification of Revenue and Expense

Operating revenues are those that result from the provision of services related to the Corporation's principal purposes, and are generally associated with exchange transactions. Nonoperating revenues result from activities that are not directly related to the Corporation's principal purposes, but that exist in order to support them, and generally consist of nonexchange transactions. Other additions arise from nonexchange transactions which provide for the value of donated properties and resources for related capital improvements and are non-exchange transactions.

Grant Revenue - County of Albany

The Corporation received a \$500,000 grant from the County for administrative costs for each of the years ended June 30, 2017 and 2016.

Grant Revenue – State of New York

The Corporation was awarded a \$2,880,000 grant from the New York State Office of the Attorney General for the period January 1, 2015 through December 31, 2017. The grant is to be used to make capital improvement to acquired properties, property maintenance and other operating expenses related to the acquired properties. The grant is paid on a quarterly basis based on the estimated needs for the upcoming quarter specifically related to the properties and includes adjustments for unspent funds from previous quarters.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Grant Revenue – State of New York (Continued)

As a result, funds received in advance of disbursement are recognized as unearned grant revenue and disbursements exceeding amounts received are recognized as due from New York State.

Income Taxes

The Corporation is a not-for-profit local development corporation under Article 16 of New York State not-for-profit corporation law and is exempt from federal income taxes and New York State taxes. Accordingly, no income tax provision has been made.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenue and expenses during the reporting period. Actual results could differ from those estimates. Estimates and assumptions are made in a variety of areas, including computation of depreciation using useful lives of assets and the fair value of donated property.

2. PROPERTY HELD FOR SALE

The Corporation's activity related to property held for sale during fiscal year ending June 30, 2017 and 2016, are as follows:

Fiscal Year	Balance at Beginning of Year	Donated Property Acquisitions	Purchased Property Acquisitions	Capital Improvements	Cost of Property Sales	Balance at End of Year
2017	\$ 3,110,429	9,527,415	8,500	1,108,425	(3,705,092)	\$ 10,049,677
2016	\$ 1,332,898	1,697,400	38,941	611,716	(570,526)	\$ 3,110,429

The Corporation acquired 470 and 38 parcels of property in fiscal year 2017 and 2016, respectively. The Corporation sold 73 and 20 parcels of property in fiscal year 2017 and 2016, respectively. In 2017 the 73 parcels of property were sold for total consideration of \$1,311,078 resulting in a loss on disposition of those properties of \$2,394,014.

3. CONCENTRATIONS

The Corporation received 89% and 94% of its revenue from the County, the City of Albany and the New York State Office of the Attorney General for the year ended June 30, 2017 and 2016, respectively.

4. COMMITMENTS AND CONTINGENCIES

In the normal course of business, the Corporation is subject to various lawsuits and claims. Management believes that the ultimate resolution of these matters will not have a significant effect on the Corporation's financial position.

The Corporation participates in two grant programs. These programs could be subject to financial and compliance audits and may be conducted in accordance with grantor requirements on a periodic basis. The amounts, if any, of expenses which may be disallowed by the granting agencies cannot be determined at this time although the Corporation believes, based upon its review of current activity, the amount of such disallowances, if any, will be immaterial.

The Corporation entered into a lease agreement for office space in November of 2016. The lease term is through November 2019 and has a fixed yearly rent amount of \$20,520. The lease agreement also provides for additional rent which is the Corporation's pro-rata share of the buildings tax, operating and maintenance payments. Rental expense for the year ended June 30, 2017 was \$16,127.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

September 20, 2017

To the Board of Directors of Albany County Land Bank Corporation:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Albany County Land Bank Corporation (Corporation), a component unit of the County of Albany, New York as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Corporation's basic financial statements, and have issued our report thereon dated September 20, 2017.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REQUIRED COMMUNICATIONS

September 20, 2017

Board of Directors Albany County Land Bank Corporation 69 State Street Albany, New York

Dear Board Members:

We have audited the financial statements of the Albany County Land Bank Corporation (Corporation) for the year ended June 30, 2017. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies adopted by the Corporation during the period are described in Note 1 to the financial statements. We noted no transactions entered into by the Corporation during the period for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Corporation's financial statements were:

Management's estimate of the useful lives of property is based on judgments regarding the length of time an asset will provide value to the Corporation.

Management's estimate of the value of donated property is based upon assessed value of property received.

We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Significant Audit Findings (Continued)

Financial Statement Disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of concentrations statements describes the limited sources of revenue of the Corporation.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated the date of this letter.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Corporation's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Corporation's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to management's discussion and analysis, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.
